FABRIC FEATURES OF NIKOLAY® LEOTARDS

We carefully control the production to make the garment soft to touch like the second skin – because when your body feels comfort, you can concentrate on the main – dance.

-  The best existing high-tech and soft fabric for the sportswear that guarantees the comfort during any movements.
-  Super soft like a peach inside makes you feel the garment like the second skin.
-  Polyamide micro – hi-tech breathable fabric.
-  Easily absorbs the moisture and looks good even when it's a bit wet.
-  Fast-dries and doesn't need ironing.
-  **UPF 50+** Has UPF 50+ that allows to wear the garment during outdoor classes.
-  Special bi-stretch technology helps you to feel free during stretching and active exercises.
-  Keeps the form and doesn't lose it after the numbers of washing cycles.
-  Colors remain bright after a large number of washes.

CAREFUL PRODUCTION FOR YOUR CONFIDENCE

-  We use three different types of thread to answer stretching properties of the materials.
-  We pay attention to the end of each seam by bunching it. This guarantees longer lifespan of your garment.

UNIQUE CONSTRUCTION

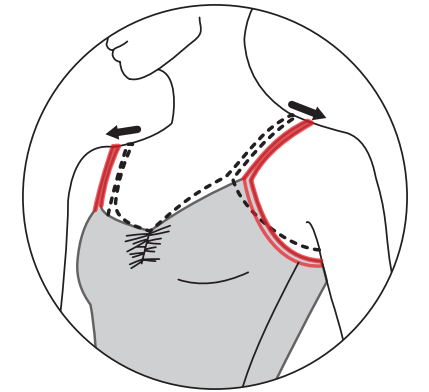

Perfect basic leotard is a combination of construction refined through the years, high-quality fabric and irreproachable manufacturing.

Deep back cut shows the shoulder bone.

The leg-cut is changed to make the hip more hidden.

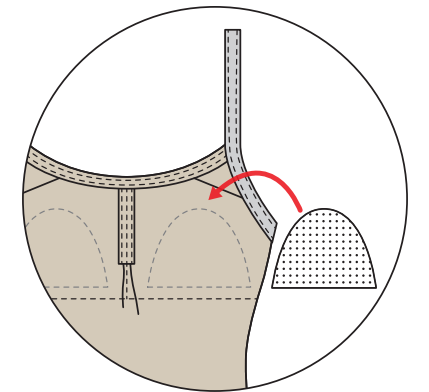

The straps are moved from the front to the shoulders to make them look less evident.

For the comfort of arm movements the armhole is done lower.

Adjusted body length according to statistic data, which shows, that people are getting taller.

The lining is made with "pocket", so you can easily add inserts (depends on the model). The formed cups are ordered separately.

LINING

We use different lining in our leotards, that gives girls confidence that nothing is visible under the garment.

Beige lining for color leotards

White lining for white leotards

Black lining for black leotards
